1. Claims 50-69, 72, 74, 80-88, and 90-102 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Firstly, with respect to claims 50, 61, and 80, adequate support has not been found for the amendments specifying that the cap layer is “directly on” the specified layer of each claim. Applicants have stated that support for the amendment is set forth at page 11, lines 9-11; however, the examiner find no such support for these amendments at this location. Since applicants are specifically relying on these amendments to distinguish the claims from the prior art, clear support must be present for the amendments.

Secondly, applicants have failed to indicate where support exists for the amendments to claims 51, 52, 53, 55, 60, 68, and 69. It is requested that applicants indicate where this subject matter is supported.

2. Claims 50-60, 80-88, 90-100, and 102 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

With respect to claims 50 and 80, applicants have referred to the creation of destructive interference; however, it is unclear with respect to what is being interfered with and/or when or under what conditions interference is occurring.

Furthermore, in view of applicants’ “directly on” language of claim 50, it is unclear how to interpret the subject matter of claim 94.

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Any inquiry concerning this communication should be directed to R. Sergeant at telephone number (571) 272-1079.
